Avisense

DATA PLATFORM

Unlock the power of data

- Secure, cloud-based platform and dashboards with iOS/android apps
- Daily data capture from Hotraco, Big Dutchman and other sensors
- Permissioned benchmarking, data sharing and integration
- Verified carbon calculator designed specifically for the poultry industry
- Machine learning for production optimisation
- 'Performance playground' analytics tool to identify correlations
- Remote field support and legislative compliance

Use our in-house software development skills to customise Eggbase to your specific requirements and request bespoke reports. We have a team of talented and experienced developers at our disposal. We already work on confidentially sensitive projects so you can be assured that we will protect your commercial confidentiality.

UNLOCK THE POWER OF DATA TODAY!
